### What students are saying

Education is very important in order to accomplish everything in life. It's never too late to achieve a dream and by finishing high school I can show my kids anything is possible no matter how old you are.

**Betsaida Marrero, Student**

I'd been searching for something like this for some time but everything was either too gimmicky or too expensive. With Career Online High School, the support of the staff makes me feel like I am 'somebody' and 'I can do this' and 'it's okay.' Career Online High School is making it easy for me to achieve my dream of going to college. It is so much more than I ever dreamed of, even being married with a full-time job and two kids.
